

CAFÉ FLAVA INTRODUCTION LETTER TO DSJ SCHOOL COMMUNITY

Cafe Flava was founded in 2009 with a core focus on being South African campus hospitality specialists. Their cafes are one of a kind and leaders in the field, offering campuses across the country a healthy and nutritional, world class hospitality solution. Their services include a retail menu and school lunch programs that are healthy & nutritional.

Our students' health and wellbeing is of utmost importance. We strongly believe that what our children consume on a daily basis has a direct influence on their energy, vitality and behavior, and therefore actively encourage and promote healthy lifestyles and eating habits.

As part of our offering at DSJ, our school will promote healthy meals to all students on a daily basis. Our kitchen is operated by Cafe Flava, which prepares these meals on site in our own kitchen. The meals are served fresh and dished up to students in our canteen area, where they can sit and enjoy their lunch or snacks.

Our School Menus are updated every term and made available to view via the Cafe Flava app. These menus are monitored by dieticians and we cater for all types of dietary requirements.

Parents may also choose to purchase their child's lunches online or direct with Cafe Flava as well. Pre-ordered meals are freshly made and available to the students at break.

Cafe Flava is readily available to discuss any concerns a parent may have regarding a child's dietary requirements.
